

Company overview

Terratek

www.terratekinc.com

Introduction

Founded in 2000, Terratek offers a wide range of engineering services for different infrastructure sectors, including rather than:

- Building
- Energy
- Mining
- Railways
- Highways
- Water & sewage
- Oil & gas

Terratek's experience covers a wide range of subjects, such as structural, hydraulic, transport and geotechnical engineering. Terratek skills include BIM (Building Information Modelling) technology and advanced numerical modelling.

Terratek's foundation

After a career as a researcher and academic Dr Alberto Ortigao founded Terratek in Rio de Janeiro in 2000. Nowadays he brings to the company 50 years' experience in many kinds of structure, such as: foundations, excavations, slopes, tunnels and dams.

Prior to Terratek, he has been Associate Professor at the Federal University of Rio de Janeiro, visiting researcher and lecturer at: the Building Research Establishment, UK (BRE); the University of British Columbia, Canada (UBC); the City University of Hong Kong and the University of Western Sydney, Australia.

During his academic career he published extensively and authored a text-book: *Soil Mechanics in the Light of Critical State Theories* (Balkema) and the *Handbook of Slope Stabilisation* (Springer Verlag).

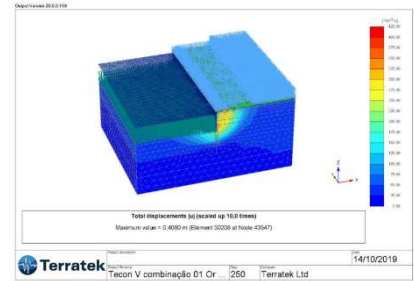

Worldclass services with competitive prices

Terratek has provided consultancy services at very competitive prices for clients located in many countries, including Italy, UK, Hong Kong, Malaysia, Peru, Bolivia, Colombia, Argentina, Trinidad.

Terratek's skills: advanced numerical modelling

Santos Harbour, Brazil

Liquefaction analyses BSS Dam, Brazil

Deep excavation analyses, Rio de Janeiro

Papagaios Viaduct, Rumo Railways, SP, Brazil

Rosolina Embankment, Italy

BIM design

BIM design, Railway cut-and-cover tunnel, Rumo Railway, SP

Selected projects

Trial Embankment on tailings

Morro do Ouro Tailings Dam

Areal Dam 30 MW

São Paulo Airport, Brazil

Porto Alegre Airport, Brazil

Victoria Harbour, Brazil

Crusher, Toquepala Mine, Peru

Cerrillos tunnel, Bolivia

Bridge Bintulo Road, Malaysia

Carajás Railway

Dynamic analysis, Great Gabbard
Windfarm, UK

Varnhagen Square Reservoir, Brazil

Offshore structure, Talara, Peru

Sir Solomon Hochoy Highway, Trinidad
